

T 39 N - R 6 E SEC 34

For W.R. Osborn Mingo Co. W.Va.  
 MCA 18, 1946 Walter Hennig Ass't.  
 To divide the South 15 Acres of NE-NE  
 West of Hiway 51 equally by E-W line.  
 Center  $\frac{1}{16}$  cor. of NE  $\frac{1}{4}$   
 Found D.H. Vaughans B.T. stump marks plumb.  
 at  $95^{\circ}30'E$  (Vaughans's  $3^{\circ}$  in 1907 =  $5^{\circ}30'$  in 1946)  
 41 links found iron rod in fence line.  
 Set new cedar post and  $1\frac{1}{2}$ " iron pipe over  
 iron rod. No new B.T.s. Made mound of stones  
 around post. Corner is in fence line 87 links  
 N of fence cor.

Dist N from E  $\frac{1}{4}$  to NE cor. Sec 34 - 39.22  
 Theoretical N  $\frac{1}{8}$  on E line 19.61

## T 38N-R7E SEC. 3

To locate true E & W  $\frac{1}{8}$  line in NE  $\frac{1}{4}$  and its point of intersection with N & S  $\frac{1}{4}$  line of Spire of Tomahawk Lake. by proportioning the distances between  $\frac{1}{4}$  line and N line of Sec.

	on Sec. Ln.	on $\frac{1}{8}$ Ln.	on $\frac{1}{4}$ Ln.
Dorr	908.8	906.8	904.2
Vaughan	917.4	918.0	(comp) 919.2
This survey	914.8	918.9	(comp) 922.3

Dorr's distance 904.2 south from N  $\frac{1}{4}$  cor. would place  $\frac{1}{8}$  cor. 15 ft more or less N of where testimony of interested persons indicated it once was.

This survey distance 922.3 would place  $\frac{1}{8}$  cor. 9.6 south of temporary  $\frac{1}{8}$  which is 912.7 south of N  $\frac{1}{4}$  cor. This location is in close agreement with the true line from  $\frac{1}{8}$  on E line through  $\frac{1}{8}$  cor. (See pages 11, 12). Apparently this point is too far south to agree with the evidence as to the true position of Dorr's S.T. Norway.

To settle the matter all interested persons were invited to appear on ground to offer testimony or voice objections.

## T 38N-R7E SEC. 3

Names of those present: —

Mr. J. J. Ebert  
Eugene Cross  
H. A. Roberts  
W. W. Burlingame  
Gilbert Mentz  
Webber Coffen  
James Coffen

It was decided that the  $\frac{1}{8}$  cor. be placed as nearly as may be in line with the  $\frac{1}{8}$  cor. and  $\frac{1}{8}$  cor. on E Sec line and still closely conform with approximate location of Dorr's S.T. The point decided on is 5 ft south of temporary  $\frac{1}{8}$  cor. or  $912.7 + 5.3 = 918.0$  ft. S of N  $\frac{1}{4}$  cor.
