

Sec 20 T 35 N R 11 E

H.C. LAWRENCE / JUNE 18
F. NEHLS / 1953

CHAINS	LINE BETWEEN SEC 20 & 29.	CHAINS
	IN RUNNING THIS LINE I used the same bearing as my random line between Sec. 19 & 30 by: S 88° W reversed to N 88° E.	
3 05	N & S Road in Pelican Marsh connects with Highway B	
18 00	Leave Pelican Marsh on its East border.	
39 20	marked on 3" Ash tree	
40 00	At which point some one squared white back for 14	
	Corner is 3.45 chs North at R.A.	
48 41	Top of large Boulder size of mango house.	
57 51	at end Road B - Nely. connects with Highway B.	
59 00	a pocket marked 59 chs E.	
62 80	Ledge Rock	
66 00	enter low wet land.	
70 00	leave " " "	
81 30	Some one old Section Corner 20-21-29 & 28 is 6.36 chs North at R.A.	
	Note: I do not consider this corner very reliable.	
	Line between 19 & 30 hits all for 6° 10' E W or	
	" " 20 & 29 " " " 5° 45' E "	
	making an angle of 0° 25' at corner.	
	My true line bet 19 & 30 bears N 87° 18' E	
	Testing the above 6.36 - 82.30 = 4° 25' DEF Δ	
	N 88° E - 4° 25' = N 83° 35' Indicated Bearing of corner is correct.	
	I set Temporary E 1/6 bar at 61.72 1/2 chs East and 4.77 chs North of random line at R.A.	
	I set Temporary 1/4 Corner at 41.15 chs East and 3.18 chs North of random at R.A.	
	I set Temporary W 1/6 bar at 20.57 1/2 chs East and 1.59 chs North of random at R.A.	
	Placed new Plat in hole of red post at bar ^{20/21} 29/28.	
	Temporary only. All parts of below. As these are all Temporary there are no Bearing true.
