O = Corner monument restored.

..Deputy

History of original corner establishment:

Original corner established by Hiram C. Fellows, Deputy Surveyor, in 1859 from which Sugar 7" bears N55°E, 10 links; Birch 30" bears S35 E, 20 links; Sugar 15" bears S80°W, 30 links; Lind 14" bears N35°W, 25 links.

H.C. Lawrence, Registered Land Surveyor, recovered and used an iron pipe at this corner in 1946. Corner believed to have been restored by V.M. Maine.

Description of corner evidence found:

Recovered Maine's 2½" iron pipe with screw in brass cap, stamped: Monument is in good condition and projects 24" above ground. Recovered original BT - Sugar 7" (26" N35°E, 10 links (N55°E) - still

133 R S12 97 R 9 S12 97 R E S13 S18 E

standing and still green.

Maine's BT - Sugar 20" 566°E, 25 links, now a rotting stump.

Hemlock 14" 562°W, 41½ links, now a cut off stump.

Some scribe marks visible.

Description of monument and accessories I established to perpetuate the original location of this corner.

Monument left in place as recovered.

Marked NBT's - Sugar 7" east, 42.7 links

Sugar 6" S46°E, 51.8 links

Hemlock 12" S52°W, 69.2 links

Yellow Birch 8" N14°W, 38.4 links

all scribed SC BT.

SEC. 12 T35N R9E

(b) HISTORY OF ORIGINAL CORNER ESTABLISHMENT

Original Surveyor:

Original Accessories:

Date of Survey

Commenced: Completed:

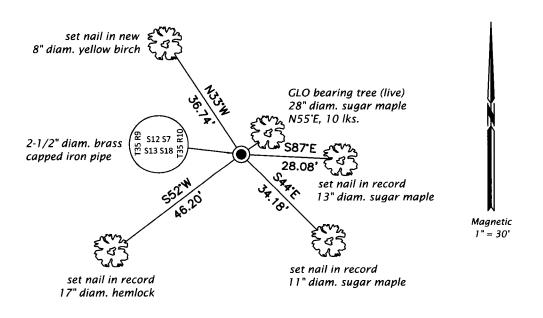

(b)(f)(g)(h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupational, plats, records, other monuments) used as a basis for accepting. If not accepted or if nothing was found, state evidence used as basis for establishing location. If re-established through lost corner proportionate methods, indicate all monuments, distances and directions used to establish. Indicate type of monument and sign post found or set.

This is a perpetuation of a previous USPLS Monument Record by Philip T. Hansen, RLS dated April 5, 1978 and filed in the office of the Oneida County Register of Deeds. A complete history of the corner can be found on the previous monument record. I accept the previous location as a true and faithful perpetuation or reestablishment of the original corner location and further perpetuate it as follows.

February 20, 2017: Based on a field survey by Jeff Austin, Hansen's monument, a 2-1/2" diam. iron pipe with a brass cap projecting 24" above a collar of stone was recovered in good condition. The GLO bearing tree described by Hansen, a 28" diam. sugar maple (N55'E, 10 lks.) is still alive although in decline. Hansen's yellow birch bearing tree is gone. Accessories were found or established as shown below. A white vinyl sign post was found Northwest, 1 ft.

The coordinate value shown has been verified by at least one of the following methods: 1) comparison to a previously GPS determined published value; 2) the value is the average of two or more GPS observations at a markedly different time; 3) one or more distances were measured back to the GPS observed corner from temporary GPS observed offset locations.

(c)(d)(e) Plan view of corner with ties to at least 4 witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate the ties to the disputed.

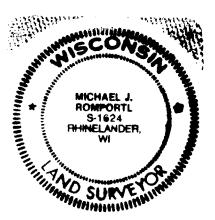

(i) I, Michael J. Romportl, Professional Land Surveyor No. S-1624, hereby certify that the corner location on this record was determined by me or under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
