North ¼ corner, Section 16, T.36 N., R.6 E.

Addition history:

In County Surveyor files, found Owens-Illinois Section 9 map, prepared by W.H.Stuth, dated 3/9/87 which referenced that survey was done in 1963. Map noted iron pipe at this ½ corner with no bearing trees show. Map also had distance East and West to section corners which established this 1/4 corner at midway between section corners.

In County Surveyor files, found Owens-Illinois Section 16 map, prepared by W.H.Stuth, dated 3/9/87 which referenced that survey was done in 8/8/86. Map noted iron pipe at this ½ corner with no bearing trees show. Map also had distance East and West to section corners which established this 1/4 corner at midway between section corners. Map also had measurements South to Center of Section 16.

March 8, 2006, MSA Professional Services, by Eugene Uttech, found a 1 1/2" iron pipe at the site. We took measurements ½ mile East and West and 1/2 mile South to other corners and verified iron pipe was the same as shown on Owens-Illinois maps. I accepted iron pipe as record evidence and set ties as shown.
