Section 27

(b) (f) (g) (h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupational, plats, records, other monuments) used as a basis for accepting. If not accepted or if nothing was found, state evidence used as basis for establishing location. If reestablished through lost corner proportionate methods, indicate all monuments, distances and directions used to establish. Indicate type of monument found or set and sign post.

Using aerial photo, walked into area that corner should be. Found no evidence of line of occupation, old fence lines, or logging lines. Area is swampy, young growth of trees. Looked for Bearing Trees, found no evidence. Searched 200' radius. Hung yellow ribbon in tree at center of search area. Using NE corner, and SE corner, straight lined and set equal distance. Traversed to corner, it fell 35 feet from yellow ribbon. Set Oneida County 2" Aluminum Monument. Searched local area again, found no other evidence. Tied out corner, painted all blazes/nails yellow, set white witness post by corner, hung ribbon in trees near by.

SEE SECTION SUMMARY ON BACK

(c) (d) (e) Plan view of corner with ties to at least 4 witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate the ties to the disputed corner.

(i) 1. David L. Osterbrink RLS No. S-2014

(type or print name) certify that the corner location on this record was determined by me or under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
