- 6/24/1993 - Milo E. Stefan found aluminum monument in South ditch line badly damaged. One BT recently cut down by power line clearing. We made one new BT and took ties to three others so if destroyed in road resurfacing, it could be restored.
- 5/10/1994 - We replaced damaged monument and covered it with mound of stone. Set plastic sign post.

(c) (d) (e) Plan view of corner with ties to at least 4 witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate the ties to the disputed corner.
