

LR 38-23 was mapped based on existing iron pipes located on the field and were not tied to the reference to the section line or the point of commencement in the deed.

Iron pipe found on the field at this location appears to be the monument called for in the deed. The location of the pipe was not tied to the section line or the point of commencement in the deed. Using this location permits along the lake were able to be mapped and future research is needed to surface actual point of beginning in the deed.

North Lake Rd. right-of-way was built based on the area that should be shown on the 1842 survey in this area and does not tie to the right-of-way.

NOTICE

This map is not a survey map of the current parcels and should not be used for conveying real property or guaranteeing title to the properties shown. This map represents a sketch of the parcels listed on the Oneida County tax roll and is intended to aid in the tracking of such parcels. The parcels on this map were mapped from available public records at the time of their creation. These maps may not represent the current parcel location or dimensions of the parcel as it now exists on the ground. Right-of-Ways on this map may not be current and need further research. Gaps and overlaps shown on this map need further research. Refer to original source documents for parcel verification.
