SURVEY NOTES:

See Map No. 211 by Wilderness Surveying, Inc., dated  
November 2nd, 1976, and revised January 3rd, 1977, for  
previous section subdivision survey data.

The roads, buildings, powerline, and lakes shown hereon  
are based upon Oneida County Land Information digital  
data obtained from photographic imagery.

This lease parcel survey was performed for the purpose of a  
proposed communications tower site. The setbacks shown  
hereon have been determined using the criteria set forth in  
chapter 9.105 of the D.C. Zoning & Shoreland Protection  
Ordinance. The client has waived the Wisconsin Administrative  
requirement A-E 7 which requires monuments to be set at  
the parcel boundary corners.

See Map Number 99-224-T for the "PROPOSED TOWER"  
site plan.
