SURVEYORS REPORT

I, Eugene C. Uttech, Registered Land Surveyor of the State of Wisconsin, do hereby certify that by order of Edna Epstein, I made a resurvey of Lot 1 of Certified Survey Map No. 1020 as recorded in Volume 4 of Certified Surveys on pages 1020 and 1020A in the Oneida County Register of Deeds Office and being located in Government Lot 4 of Section 19, T.38 N., R.8 E., Town of Newbold, Oneida County, Wisconsin. Said Certified Survey Map is hereby attached and made a part of this report.

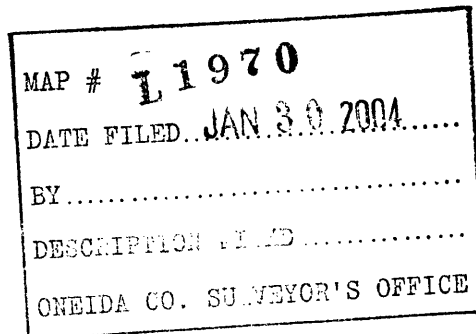

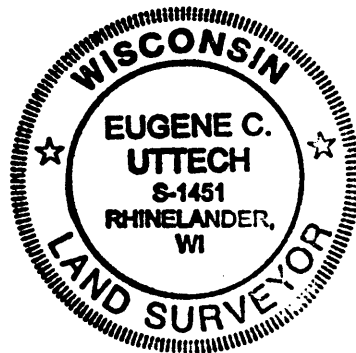

On August 7th, 2003, I located the meander stake along the East line of said Lot 1. It had been covered up with soil, which I removed. Field measurements verified it was in the correct location.

On September 2, 2003, I locate the iron pipe on the East line of Lot 1, on the northerly line of Outlot 2 (private road), of said Certified Survey Map No. 1020. The iron pipe was located along the westerly edge of existing driveway on Lot 2 of said Certified Survey Map No. 1020 and was leaning westerly. I took measurements and straightened iron pipe to it's correct location. I also set wood lath (1" x 36") along said East line of Lot 1. It was noted that there was a number of cut off branches placed on the East portion of said Lot 1 that the present owners, Wolfgang and Edna Epstein had not cut off or placed on the property.

I hereby certify that the above surveyors report is true and correct to the best of my knowledge and belief.

Dated this 26 day of DECEMBER, 2003
