**Notes:**

1. The meander line shown is at the approximate top of bank. Due to the extreme steepness of the bank and the snow conditions, it was not safe to survey the shoreline at the time of survey, therefore the location of the Pelican River shown hereon was taken from an aerial photo and is only approximate.
2. The Northerly lines of "Parcel C" were marked at the time of survey.
3. A legal description was provided to the client on a separate sheet.
