April 25, 2005 - Due to road construction Nicolet Surveyors, Inc. was hired by the Oneida County Land Information Office to preserve the location of this survey marker. We found a 2" iron pipe with brass cap in a swamp hole - See U.S.P.L.S. Monument Record by Daniel Pleoger dated February 13, 2001. The corner lies approximately 50' North of the center line of old Highway "8" roadbed and is not in danger of being disturbed due to road construction.

November 7, 2007 - The Oneida County Land Information Office hired us to go and revisit the corner because the installation of a new power line may have disturbed this corner. We found a 2" iron pipe with brass cap 50' North of the centerline of old Highway "8" roadbed. We found 4 bearing trees and set 2 new witness corners as shown below.
