Describe survey landmark found or reset and origin if known, such as being a 1/16 corner, called for in a deed or shown on record land survey map or plat, also note location by Gov't. Lot, 1/4-1/4 section or other PLSS subdivisional tract.

Show approximate location of survey landmark on this Section diagram:

May 7th, 2009, I searched for the Southeast Sixteenth Corner and found no existing monumentation. I based the search area on a scaled latitude and longitude from the Oneida County Land Information website. I used an Ashtech Promark 2 gps unit to navigate to the search area, which was north of a wood right of way post. I compassed north from the right of way post to the centerline of Highway "K" and searched the roadbed (shoulder to shoulder) approximately 30 feet east and west.

Reference materials: none.
