Brown St - R. Lindecker

Found stake on E side of
Brown St. 144 ft. S of N face of
post on S side of Frederick St.
and measured W 40 ft for
center of Brown St.Measured E 40 ft from face
of building on SW cor. Brown
and Wackerpost Sts for center
of Brown St.On N side of Wackerpost St.
measured the distance between
the face of Fenelon's water-table
and the face of rough stone in
foundations of new bank

building - just 80 ft.

my center $\frac{1}{2}$ in west of center thus found. Did not change my center.

On S side King St measured west from my center to the face of the foundation, and found the distance $\frac{1}{2}$ in short; or my center $\frac{1}{2}$ in too far west. Did not change my center.

Then S 99 ft to N line of Anderson St. (as near as I could get said line) and center line of Brown St was $48^{\circ}05'$

From N side of Anderson St and center line of Brown St. Offset West 5 ft to get by Sept

Then S 606 ft to S side of Right of Way.

at 534 ft. Offset W 35 ft to get by or clear of a house. Then S $75\frac{1}{2}$ ft. to S

side of R of Way. Then S 58.8 across Lot 5 in Block 11

From post at SE corner of Block 11. measured 296.4 ft to W line of Brown St. prolonged (measured from S face of post) Sec 35-38-9

and had finished on 36 I found that in some way there was a mistake of 10 links too much or in the offset or variation at the S end of E line Oct 20, 1894 Found no E or W $\frac{1}{4}$ Post
