## U.S. PUBLIC LAND SURVEY MONUMENT RECORD

Note: This form is inten- Public Land Surve conform with said	ded and designed to fulfill all requirements of Wisconsin Administra by Monument Record (3) (a) (b) (c) (d) (e) (f) (g) (h) (i). An additional s I requirements.	tive Code, Cha heet may be ac	pter / Ided i	A-E 7	O8 L	]. У
	Township 35 North		1			
	Range 9 East/West		+ 1 1			
Town/Gity/Village	Enterprise		; ; 		<u> </u>	
County	Oneida .		! !		<u> </u>	

(b) (f) (g) (h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupational, plats, records, other monuments) used as a basis for accepting. not accepted or if nothing was found, state evidence used as basis for establishing location. If reestablished through lost corner proportionate methods, indicate all monuments, distances and directions used to establish. Indicate type of monument found or set and sign post.

1864 - James Nowlin established this corner and set a wood post with two BTs: 7" Cedar, N63°W, 10 Links 12" Hemlock, S62°E, 21 Links

9/3/1936 - Maine found old stake and both original BTs tipped out. He restored corner by placing a  $2 \frac{1}{4}$ " x 60" iron pipe and brass cap with two new BTs: 14" Pine Stump, South, 72 1/4 Links (47.68') 14" Cedar, N48°W, 63 1/4 Links (41.74')

11/29/1989 - Milo E. Stefan found monument by Maine tipped out and under mud and duff. Cedar BT broken off and Pine stump in place. We reset the monument, made three new BTs and placed plastic sign post.

(c) (d) (e) Plan view of corner with ties to at least 4 witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate the ties to the disputed corner.

- $2\ 1/4$ " x 60" iron pipe with brass cap
- 3" Black Ash, N20°E, 27.23'
- 5" Black Ash, S82°E, 10.05' 3)
- 14" Pine Stump, south, 47.68' (Maines) 7" Cedar, N59°W, 42.09'
- 5)
- 16" Cedar Snag, N48°W, 41.74' (Maines)
- Plastic sign post next to monument

Distances to nail in side of BTs Stump blazes scribed "BT"

## U.S. PUBLIC LAND SURVEY MONUMENT RECORD

Note: This form is intended and designed to fulfill all requirements of Wisconsin Administrative Code, Chapter A-E 7.08 U.S. Public Land Survey Monument Record (3)(a-i).

(a) CORNER LOCATION 1/4 Cor. of Secs. 20 & 21 Township 35 North Range 9 East of the 4th P.M.

Range 9 East of the 4 Town of Enterprise County of Oneida WISCRS - Oneida County N: 116,270.78 USft E: 270,796.66 USft Datum: NAD 83(2011) GNSS Method: RTN - Direct GNSS Control: WISCORS VRS

## (b) HISTORY OF ORIGINAL CORNER ESTABLISHMENT

**Original Surveyor:** 

**Original Accessories:** 

Date of Survey

Commenced: Completed:

See previous USPLS Monument Record

(b)(f)(g)(h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupational, plats, records, other monuments) used as a basis for accepting. If not accepted or if nothing was found, state evidence used as basis for establishing location. If re-established through lost corner proportionate methods, indicate all monuments, distances and directions used to establish. Indicate type of monument and sign post found or set.

This is a perpetuation of a previous USPLS Monument Record by Milo E. Stefan, RLS dated November 30, 1989 and filed in the office of the Oneida County Register of Deeds. A complete history of the corner can be found on the previous monument record. I accept the previous location as a true and faithful perpetuation or reestablishment of the original corner location and further perpetuate it as follows.

May 13, 2018: I found the record monument lying flat in the bog. Using the two closest record bearing trees, I reset the 2-1/2" diam. iron pipe with a 2-1/2" diam. brass cap projecting 28" above the bog surface. I found or established accessories as shown below. I found a white vinyl sign post bearing Northeast 0.7 ft.

The coordinate value shown has been verified by at least one of the following methods: 1) comparison to a previously GPS determined published value; 2) the value is the average of two or more GPS observations at a markedly different time; 3) one or more distances were measured back to the GPS observed corner from temporary GPS observed offset locations.

(c)(d)(e) Plan view of corner with ties to at least 4 witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate the ties to the disputed.

(i) I, Jeffrey W. Austin, Professional Land Surveyor No. S-1885, hereby certify that the corner location on this record was determined by me or under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
