 Found with Stumps of the Four
 with iron marks on the N
 Drove Tam. Post 4
 old Spruce 3
 Tam.
 Var. 3° 30' E. Var. 5° 52' E

Notes regarding the West Quarter Post of Sec. 3:
 The dotted line (---) indicates the location of the Lake per Gov-
 ernment field notes and plat. The actual location of the Lake
 is indicated by lines thus (---). The original field notes
 call for the 1/4 Post at 19.50 Chs. N. of the M.C. at a sharp angle
 in the meander line of the N. and W. shore of the Lake.
 In reality a point 19.50 chs. N. of the M.C. would fall on an
 Island in the Lake 48 Lks. from the S. shore of the Island
 and 76 Rods S. of where the section line intersects the
 extreme N. shore of the Lake, and 13 Rods W. and
 83 3/4 Rods South of place known as the Russell Lawler
 1/4 Post. To locate the 1/4 Post where the section line
 intersects the extreme N. shore of the Lake 76 Rods from,
 or at the place known as the Russell Lawler 1/4 Post 84 or
 85 Rods from the point where the 1/4 Post is called for in
 the field notes, would be inconsistent and could not be
 reconciled with the field notes of the meander line of the
 Lake, and would destroy the description and configura-
 tion of the Government. Tracts as shown on the official
 plat of the original survey; it seems that under these
 circumstances, natural and artificial monuments
 should give way to distances, so as to best preserve
 such description and configuration of Tracts as is
 indicated on such official plat. Therefore the West
 1/4 Post of Sec. 3, was established at 19.50 Chs. Original
 measurement, or 21.76 3/4 Chs. present measurement
 N. of the M.C. by a 5x5" post driven in shallow
 Lake 58 Lks. N. of a W. Post: a Tamarac 4 ins. in
 diam. by 8 ft. long driven in S. shore of Island.
 Spruce 10 N. 73 1/2 W. 57 1/2 } 14.534

Original M.C. on South side of Lake
