- NOTES
- 1) This survey was performed with snow covering the ground. As such, items evident in snow-free conditions could be omitted.
  - 2) Monument dimensions shown are outside diameter unless otherwise noted.
  - 3) The depicted location of St. Francis Cemetery is based on the recovery of several interior monuments of the cemetery plat which appear to coincide with the designated Blocks. As a result, it appears likely that the surveyed location of the 1967 cemetery plat varies considerably from the lands originally conveyed in 1964 as described in Doc. No. 202849. A determination of the exact boundaries would require a complete retracement survey of the cemetery plat.
