Part of  
**GOV'T LOT 2**  
and part of the  
**NE1/4 of the SE1/4  
SECTION 19, T39N, R7E**

Woodruff Township  
Oneida County, Wisconsin

I, Terry T Golding, Registered Land Surveyor #5-14608  
hereby certify that I have surveyed the property shown  
hereon, that this map represents an accurate survey of  
said property to the best of my knowledge and belief, that  
I have performed this survey by order of Ed Anderson  
and that I have complied with the applicable requirements  
of the Wisconsin Administrative Code S.A-E 5.01 & 5.02.

Note: Any legal description conforming to this survey has  
been provided on a separate sheet.

GOLDING  
SURVEYING  
& MAPPING

Registered Land Surveyor #5-14608  
Lotted this 31<sup>st</sup> day of August, 1984  
Revised this 7<sup>th</sup> day of September, 1984  
Revised this 8<sup>th</sup> day of October, 1984 to  
create 0.20 acres to be sold to V317, P146.

1/16 corner  
5"x5" Oneida County  
beveled concrete mon  
w/ brass tablet  
found in place.

September 13, 1995

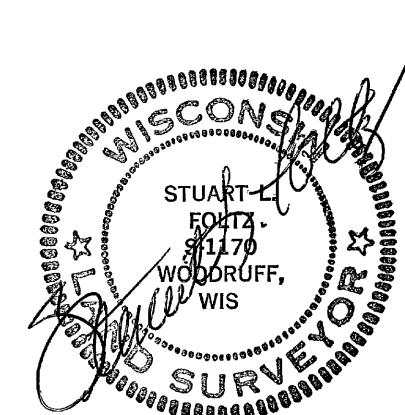

Recovered, verified, and marked monuments at the corner locations shown hereon as follows:

● = Iron monument found in place and marked with flagged lath stake.  
VV = Lot lines marked approximately with fluorescent surveyor's flagging ribbon.

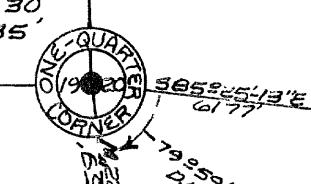

This survey was completed for the purpose of locating existing lot corners and  
flagging approximate property lines by the order of the Robert Razin, who has  
executed a written waiver for all other requirements of Wis. Adm. Code Chap. A-E  
7.

This survey does not comply with the following requirements of Wisconsin  
Administrative Code Chapter A-E 7.

- 1) The surveyor did not acquire or analyze data necessary to retrace record title boundaries to determine the boundaries of the parcel surveyed.
- 2) The surveyor did not make a field survey traversing and connecting monuments necessary for location of the parcel and coordinate the facts of the survey with the analysis, and did not set monuments marking the corners of the parcel where monuments did not already exist.
- 3) The surveyor did not prepare a new legal description or a new map of the parcel surveyed referenced as provided in Section 9.61 of Wis. Statutes.
- 4) The surveyor did not make a new determination of the lengths and bearings of the boundaries of the parcel surveyed. The lengths and bearings shown hereon are from previous surveys or recorded documents.
- 5) The minimum accuracy of linear measurements between points is not 1 part in 3000. A closed traverse connecting the monuments was not made. Bearings and angles may not be shown to the nearest 30 seconds, and distances may not be shown to the nearest 0.01 foot. Accuracy of measurements to confirm the monuments recovered and set any approximate corner markings is 1 part in 100 and plus or minus 2 degrees.
