## Notes

- The lines of this survey were marked in the field at the time of survey.
- The right-of-way of Wausau Road as shown on Certified Survey Map No. 1338 did not match the physical location of the existing roadway as shown hereon and appears to be in error. We staked the Southerly right-of-way line at 50 feet Southerly from the found monuments on the Northerly right-of-way line per Certified Survey Map No. 3199. Due to this fact the area between the Southerly right-of-way as staked this survey and the Southerly right-of-way shown on Certified Survey Map No. 1338 is subject to an easement for public road right-of-way purposes.
