

SURVEY LANDMARK PRESERVATION RECORD

It is the primary purpose of this record to preserve the location of any survey landmark subject to disturbance, removal or to be rendered inaccessible, as provided by Section 59.74(2), Perpetuation of Landmarks, Wisconsin Revised Statutes.

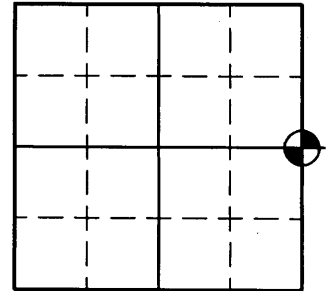

County: Oneida	City, Village, Town: Hazelhurst	Section: 9	Town: 38	Range: 6
--------------------------	---	----------------------	--------------------	--------------------

Describe what was found, its location and origin. If known, describe if the monument found is a 1/16 corner or other subdivisional corner; a monument called for in a deed; a monument shown on a survey map or plat ect. and in what Gov't Lot, 1/4-1/4 Section or other PLSS subdivisional tract.

May 7, 2008 - Prior to road construction we were hired to preserve the location of the East 1/4 Corner in the centerline of Cedar Falls Road but, the road had already been ground up and graded the day before. We dug down about 2-1/2' looking for the iron pipe, but found nothing. We did find some witness corner from the U.S.P.L.S. Monument Record per John Fisher, dated 5/27/1983. The Witness Corners we found are as follows: 2" iron pipe, North, 33.10'; 1-1/4" iron rod, South, 33.07'; 1-1/4" iron rod, South, 77.07' (bent Westerly); 14" White Pine, N29E, 35.1' (nail in the side of tree). We also found a Wilderness Surveying aluminum capped monument Southeasterly. After the road is paved, we will set a new corner using the existing Witness Corners and file a new U.S.P.L.S. Monument Record.

Show approximate location of survey landmark on this Section diagram:
